## tips

- Number 9 on *Rolling Stone* magazine's "500 Greatest Songs of All Time" this 1977 released song is another classic 2 chord - with one brief exception - song for beginners.
- Like most of the 2 chord songs this one is in 4/4 time so the strumming can start off as simply as you like before starting to try a few more advanced patterns.
- One tricky aspect of the song is it uses an F chord which is a bar chord. For beginners we can often play an easier version of an F, called the Fmaj7. Feel free to use either for this song.
