

# Live Forever by Oasis

## chords

## chord progression

**Verse: G | D | Am7 | C - D x2**

**Chorus: Em7 | D | Am7 | C - D | Em7 | D | Am7 | Fsus2**

**Solo: as verse and chorus**

**Outro: Am | Fsus2**

## song structure

**Verse > Chorus > Verse > Chorus > Solo > Verse > Chorus > Outro**

## tips

- The third single from Oasis' debut 1994 album Definitely Maybe, Live Forever is a great song for taking the next step from playing 2 and 3 chord progressions without being too difficult to master. It also contains a great solo if you are starting to learn lead guitar.
- Apart from the Fsus2 played at the end of the choruses and outro it is essentially the same chord progression throughout with just the G and Em7 switching between the verse and choruses.
